

NOTICE TO THE BAR

DIVORCE, CUSTODY, AND PROTECTION FROM ABUSE DOCKETS ACCESSIBLE THROUGH THE FJD ELECTRONIC FILING SYSTEM

Docket information from domestic relations cases in divorce, custody, and protection from abuse matters is now available through a secure connection to the FJD Electronic Filing System (EFS). Support case information is not available through the EFS but will continue to be available through the PACSES child support website. (See URLs below)

Access to each case is limited to attorneys of record, who may view and print the dockets in their cases after establishing an EFS user account and obtaining a personal identification number (PIN). The docket information is “real time” and reflects all docket transactions as of the time the information is accessed via the EFS. The dockets can be viewed and printed, but no changes to the record information can be made or requested through the EFS.
